

## Choose the right size

The extra loose demanded in the clothing effects the comfort and the right functionality, and most of all the mileage of the clothing.

Too tight clothing will strain the fabric and the seams, when the product may rupture from its stretching points.

Please notice that the measurement table's size A, B and C are firm body scales. atex-products have the needed looseness already added.

## Measurement Table

Numbers	44	46	48	50	52	54	56	58	60	62	64	66	68
A	88	92	96	100	104	108	112	116	120	125	130	135	140
B	76	80	84	88	92	96	101	106	111	116	121	126	131
C	92	96	100	104	108	112	116	120	124	129	134	139	144
D	77	78	79	80	81	82	83	84	85	85	85	85	85
LETTERS	XS	S	M	L	XL	XXL	3XL						

## Measuring points

- A. Chest circuit: circumference at the chests' highest point
- B. Waist circuit: circumference at the waists' most narrow point
